### IMPLEMENTATION TERMS & CONDITIONS

This quote reflects our best estimate of the number of days required to install the hardware, work with you to setup the Toast software, conduct basic POS training with your staff, and support you during your first day live. These estimates are based upon our understanding of your business and installation needs as well as our experience with the amount of time we have spent on similar customers in the past. However, this is just our best estimate. The days billed may change if scope is expanded at your request or if the work becomes more complex than our understanding at the time of this and fees will be adjusted accordingly .

Standard Toast hours are 7am to 9pm local time, Monday - Friday. Toast service days are assumed to be 8 hours long. Onsite & Remote Site Surveys, Hardware Installation and Staff Training is available Monday - Friday 7am-9pm local time. Additional hours accrued will incur additional fees for each technician required.

3<sup>rd</sup> Party Implementations include onsite installation but REMOTE configuration, training and go-live support

Toast does not provide cabling services and the estimates provided above do not cover cabling costs. If cabling is required Toast can recommend a local partner.

Site readiness is very important and a key driver to a successful go-live. Toast's site readiness requirements can be found here [http://cdn2.hubspot.net/hubfs/412971/New\\_Customer\\_Welcome/Toast\\_Site-Readiness-Requirements.pdf](http://cdn2.hubspot.net/hubfs/412971/New_Customer_Welcome/Toast_Site-Readiness-Requirements.pdf). If our technicians arrive onsite and are not able to install the system because requirements were not met, then a service fee will be assessed.

After scheduling an installation / go-live date, you have until 7 days before the scheduled date to cancel the service appointment. Canceling within 7 days of the service appointment will incur a service fee for each and every day canceled.
