

Heather Gardens Association & Heather Gardens Metropolitan District

Governing Documents

Both HGA and HGMD are governed by law and self imposed rules. The higher the law or rule is on the list below determines its priority. The HGA Declaration supercedes and takes priority over the Bylaws. The Bylaws take precedence over the procedure memoranda, etc.

Agendas are the form of public notice for a meeting and what will be discussed. Usually, there are board or committee packets which are posted with the agenda containing information which will be discussed at the meeting. Motions are the request for action at a public meeting. The motion will be approved or denied based upon majority vote. Both organizations create minutes to document the actions taken during a board meeting. Minutes are usually approved at the following board meeting and are kept as Association or public records.
